

SRI SATHYA SAI INSTITUTE OF HIGHER LEARNING

(Deemed to be University)

As a part of Sri Sathya Sai Centenary year Celebrations,
Department of Management & Commerce & IQAC jointly offer an
online **MDP/FDP** in **SAP S/4 HANA – Enterprise Business Processes**.

COURSE OFFERING

SAP S/4HANA – Enterprise Business Processes

(Hands-on Training in Procure-to-Pay (P2P) & Order-to-Cash (O2C))
“From T-Codes to Enterprise Thinking: Master SAP S/4HANA End-to-End”

Duration: 11 July – 10 August 2026

Mode: Online (Full-day sessions on Saturdays)

Time: 9:30 a.m. – 4:30 p.m.

WHO SHOULD ATTEND?

- Working Professionals (Finance, Accounts, SCM, Sales & Marketing, Operations, IT)
- ERP / SAP Aspirants
- Senior Executives & CXO Aspirants
- Faculty Members & Researchers (B-Schools, Colleges, Universities)

KEY FEATURES

- 1 Month SAP S/4HANA Access
- End-to-End P2P & O2C Processes
- Both Traditional SAP GUI & Modern SAP Fiori UI
- Laptop and Mobile platforms
- Weekend Format (Saturdays)
- Basis Support
- Hands-on
- Certificate + Recordings

FACULTY

Dr. L. Goverthanam

MS, FCMA. Professor of Practice-Finance

Dr. Subramanian Iyer

MBA, FRM. Post Doc at ISB

WHY SHOULD ONE ATTEND THIS MDP / FDP ?

- SAP is progressively moving away from legacy SAP R/3 systems, with support expected to be discontinued in the next 18–24 months. Organizations across industries are therefore accelerating their transition to SAP S/4HANA, making upskilling in modern SAP enterprise processes both timely and essential.
- For educators, this programme provides an opportunity to understand contemporary ERP systems in depth, enabling them to align teaching with current industry practices, engage with industry on short sabbaticals, and deliver career-relevant learning to students on both traditional SAP GUI and Modern SAP Fiori UI.
- For working professionals, especially those already in SAP-enabled organizations, access is often restricted to limited transaction codes (T-codes) relevant to their roles. This results in partial process visibility and limited understanding of enterprise-wide integration. This programme addresses that gap by providing end-to-end exposure to core business processes, covering the complete Procure to Pay (P2P) and Order to Cash (O2C) cycles on Desktop/Laptop and Mobile platforms.
- The weekend class structure, combined with extended technical support by the technical partner, allows participants ample time to practice, reinforce learning, and develop true system confidence—something rarely possible in regular corporate environments.
- Overall, this MDP / FDP equips participants with holistic ERP process understanding, practical SAP exposure, and future-ready skills aligned with S/4 HANA adoption and global best practices.

FEEDBACK ON OUR EARLIER MDP/ FDP PROGRAMMES

The earlier MDP / FDP programmes conducted by the Institute received **widespread participation and highly positive feedback from both educators and industry professionals**. Participants consistently highlighted **the practical usefulness of the programmes, confirming significant upskilling, enhanced confidence, and improved ability to apply the learning in real-life professional contexts**.

PRE REQUISITES

Prior exposure to SAP is not mandatory. However, participants are expected to meet the following prerequisites:

- Demonstrated willingness to engage in regular hands-on practice on the SAP server throughout the one-month programme
- Ability to commit adequate time and effort during the programme period
- Keen interest in understanding enterprise-wide business integration
- Basic understanding of business processes (preferred)
- Access to a laptop with sufficient memory and capability to support cloud-based operations

PROGRAMME FEES

Programme Fees (Inclusive of 18% GST, with 24×7 Server Access)

- ₹ 8,000 /- Working Professionals
- ₹ 6,000 /- Educators from B-Schools, Colleges and Universities
- ₹ 7,000 /- SSSIHL Alumni (registered on the Alumni Portal)

Name of Bank
SB Account No.
Branch
IFSC

PROGRAMME OBJECTIVES

- To provide end-to-end understanding of key enterprise business processes in SAP
- To bridge the gap between academic knowledge and industry practice
- To prepare participants for SAP Functional Consultant roles
- To enhance ERP-based decision-making capabilities for senior executives
- To empower educators to deliver industry-aligned ERP education

EXPECTED OUTCOME

On completion of this programme:

For Educators:

- Educators will be able to engage with industry on short sabbaticals, gain real-time ERP exposure, and return to classrooms with enhanced practical insights, thereby significantly enriching student learning and employability.

For Working Professionals:

- Participants who find this domain engaging may subsequently enroll in planned 3-month deep-dive modules in FI, CO, MM, PP, and SD, enhancing long-term career prospects in SAP consulting and enterprise leadership roles.

Strategic Relevance

- India is progressing towards becoming a global manufacturing hub, driving a strong demand for professionals skilled in ERP-driven enterprise processes.
- This SAP MDP/FDP provides the foundational skilling required to support manufacturing, finance, supply chain, and operations excellence, aligned with national and global industry needs.

GLOBAL CERTIFICATION PATHWAY

- After completing this programme and the proposed advanced modules, participants will be well-positioned to appear for SAP Global Certification Examinations, thereby expanding their career prospects and opening pathways to global opportunities and international SAP projects.

PROGRAMME COVERAGE

This programme offers comprehensive, end-to-end coverage of **Procure to Pay (P2P)** and **Order to Cash (O2C)** processes in SAP S/4HANA. Participants will gain immersive, hands-on experience across both the classic **SAP GUI** and the modern **SAP Fiori** launchpad, including seamless browser-based **mobile access** for on-the-go transactions. The curriculum is designed to build strong proficiency in system integration, reporting, and navigating the evolving SAP user interface ecosystem across **desktop/laptop and mobile platforms.**"

PROCURE TO PAY (P2P)

- Organizational Structure in SAP
- Vendor Master Data
- Purchase Requisition & Purchase Order
- Goods Receipt & Inventory Integration
- Invoice Verification
- Integration with Finance (FI)
- P2P Reporting & Controls

ORDER TO CASH (O2C)

- Customer Master Data
- Sales Order Processing
- Pricing & Billing
- Delivery & Shipping
- Revenue Accounting
- Integration with Finance (FI)
- O2C Reporting & Analytics

The above two processes would cover relevant part of MM,SD and FI modules.

RESOURCE PERSON: DR. L. GOVERTHANAN

Dr. L. Goverthanan, Professor of Practice–Finance at SSSIHL in the Department of Management and Commerce, holds a Fellowship with ICAI. His academic journey includes a B.Sc in Statistics from St. Joseph’s College, Trichy, an MS in Management Systems from BITS, Pilani, and a PhD in Management from Birla Institute of Technology, Mesra, Ranchi. With nearly four decades of industry experience in Finance and Financial Analytics, Dr. Goverthanan has made significant contributions to various sectors.

He served as the Financial Controller at M/S Ashok Leyland, a \$5 billion automobile company, where he gained exposure to a wide range of financial and operational strategies crucial to the company's growth trajectory. His responsibilities encompassed financial evaluation and budgeting, business analytics for top management, SAP implementation as a steering committee member, and leadership roles in business process reengineering and strategic cost management besides accounting. Additionally, he managed retiral fund investments, payroll, and executive training and development in finance and operations.

In his current role, he teaches a range of courses to MBA students, including Data Science with R, Big Data Analytics for Business, SAP ERP, TCSiON ERP, Corporate Financial Strategy, Financial Modeling using R & VBA ,Advanced Financial Analytics, IAPM, Financial Derivatives, and Advanced Operations Research applications.

RESOURCE PERSON: DR. SUBRAMANIAN IYER

Dr. Subramanian Iyer holds an MBA and Ph.D. in finance and FRM® (GARP). His PhD dissertation was on “Stylized Facts & Second Generation Models for Risk, Return and Portfolio Allocation: A Study on the Indian Equity Market” (awarded 2008). He distinguished himself academically by securing gold medals in B.Com. (Hons.) and MBA. Dr. Iyer teaches papers in Finance and Data Science in the MBA program at SSSIHL. He furthered his academic pursuits with a Postdoctoral Fellowship at the Indian School of Business, Hyderabad.

His current areas of teaching also include Finance, investing, advanced MS Excel, data visualization, dashboarding and storytelling with Tableau. Some of his work has involved applying the tools in machine learning to improve financial decision making. He is a champion of Free Open Source Software and handles software labs in Python and R in which he has authored a package. He has supervised 2 PhD dissertations in Behavioral Finance and over 100 MBA dissertations. Currently he is holding the position of Deputy Controller of Examinations at SSSIHL.

Sri Sathya Sai Institute of Higher Learning (Deemed to be University), Prasanthi Nilayam, Andhra Pradesh, India, is a visible manifestation of our Founder Chancellor Bhagawan Sri Sathya Sai Baba's vision of "Education for Human Transformation" providing quality education, free for all students irrespective of income, religion, or region through open admissions policy.

Sri Sathya Sai Values-based Integral Education

Sri Sathya Sai System of Integral Education system is a modern, rational, and scientific education system rooted in Indian ethos. It takes the best of both ancient and contemporary learning techniques. These dimensions are Intellectual, Physical, Cultural, Spiritual, and Service. The key activities for each of these dimensions form the basis of the time spent by students at SSSIHL.

A Modern Gurukula

Founded in 1981 to inculcate ethical and moral values in students along with regular secular education, this transformation has been the guiding principle right from the inception of SSSIHL. The institute provides students with a holistic framework of interpersonal development, combined with academic and research excellence. Its residential character trains the student's mind, body, and spirit in an environment similar to the ancient Indian 'Gurukula' system of education, in the most modern context.

The Institute hosts students from across the country for its undergraduate, postgraduate, professional, and research programmes across its four campuses – The Women's campus at Anantapur, Andhra Pradesh, and three men's campuses Prasanthi Nilayam Campus, Puttaparthi, Andhra Pradesh; the Brindavan Campus, Kadugodi, Bangalore, Karnataka, and the Nandigiri Campus, Karnataka.
