- Traditional SAP GUI & Modern SAP Fiori
- Hands-on FI Business Scenarios
- FI Integration with MM & SD
- Weekend Format – Saturdays
- Technical / Basis Support
- Certificate of Completion
- Session Recordings
- Fees to be paid in INR by overseas candidates.

FACULTY

Dr. L. Goverthanan
MS, FCMA. Professor of Practice-Finance

Dr. Subramanian Iyer
MBA, FRM. Post Doc at ISB

WHY SHOULD ONE ATTEND THIS MDP / FDP ?

SAP is rapidly evolving from traditional ERP environments towards SAP S/4HANA and modern, Fiori-based user experiences. As organisations progressively adopt newer digital finance platforms, professionals need to continuously update their knowledge of contemporary ERP processes and technologies.

- **For Finance & Accounting Professionals:** Gain hands-on experience in translating accounting knowledge into real-world SAP S/4HANA financial processes, covering GL, AP, AR, Asset Accounting, Bank Accounting, Tax and Financial Reporting.
- **For newly qualified CA, CMA, CS, CFA, FRM, ACCA & CPA Professionals:** Bridge the gap between professional financial expertise and enterprise ERP systems, gaining practical SAP skills that complement your accounting, finance and analytical knowledge.
- **For Working Professionals:** Move beyond role-specific T-codes and understand the end-to-end flow of financial transactions, from business transaction and accounting document through clearing, closing and financial reporting.
- **For Finance Managers & Senior Executives:** Understand how SAP S/4HANA and Fiori support financial control, reporting, analysis and management decision-making.
- **For Faculty Members & Researchers:** Gain contemporary, hands-on exposure to SAP S/4HANA FI and Fiori, enabling you to connect classroom concepts with current enterprise practices and provide more industry-relevant learning to students.
- **For All Participants:** Learn through a Saturday-only, hands-on format with SAP S/4HANA system access, allowing sufficient time between sessions to practise and reinforce learning.
- Overall, this MDP bridges the gap between Financial Knowledge and Digital Finance — combining accounting concepts, SAP S/4HANA FI, Fiori applications, integrated business processes and financial insights.

FEEDBACK ON OUR EARLIER MDP/ FDP PROGRAMMES

The earlier MDP / FDP programmes conducted by the Institute received **widespread participation and highly positive feedback from both educators and industry professionals.** Participants consistently highlighted **the practical usefulness of the programmes, confirming significant upskilling, enhanced confidence, and improved ability to apply the learning in real-life professional contexts**.

PRE REQUISITES

Prior exposure to SAP is not mandatory. However, participants are expected to have:

- A basic understanding of Accounting and Finance concepts.
- A willingness to engage in regular hands-on practice on the SAP S/4HANA system throughout the programme.
- The ability to commit adequate time and effort for practice between sessions.
- An interest in understanding how financial transactions flow through an integrated enterprise ERP system.
- A laptop with adequate capability for accessing cloud-based SAP S/4HANA and Fiori applications.

PROGRAMME FEES

Programme Fees (Inclusive of 18% GST, with 24×7 Server Access for 3 months)

- ₹ 40,000 /- Working Professionals
- ₹ 35,000 /- Educators from B-Schools,Colleges and Universities
- ₹ 37,000 /- Students and Research Scholars of any recognised university / HEIs.

PROGRAMME OBJECTIVES

- To provide an end-to-end understanding of Financial Accounting processes in SAP S/4HANA, from financial transactions to reporting and period-end closing.
- To bridge the gap between financial and accounting knowledge and practical SAP S/4HANA application in an enterprise environment.
- To develop hands-on proficiency in SAP S/4HANA FI and Fiori applications for executing and analysing key financial processes.
- To help participants understand FI integration with other business processes, particularly MM and SD.
- To enhance ERP-enabled financial analysis and decision-making capabilities for finance professionals and senior executives.
- To empower educators with contemporary SAP S/4HANA FI knowledge for delivering industry-aligned ERP education.

EXPECTED OUTCOMES

- For Educators: Gain practical exposure to SAP S/4HANA Financial Accounting and Fiori, enabling them to connect academic concepts with contemporary industry practices and enrich classroom teaching with real-world ERP experience. For educators seeking industry exposure, the programme may also provide an opportunity to explore an industry sabbatical.
- For Finance Professionals and SAP Aspirants: Develop a strong foundation in SAP S/4HANA FI, enabling them to understand and execute key financial processes and build a pathway towards a global SAP consulting career with specialisation in FI.
- For Senior Finance Professionals and Executives: Gain a broader understanding of how integrated financial transactions, reporting and Fiori-based applications support financial control, analysis and enterprise decision-making.

On Completion of This Programme

Strategic Relevance

- As organisations progressively adopt SAP S/4HANA and modern digital finance platforms, professionals need to continuously update their ERP knowledge and practical skills.
- This MDP/FDP provides a strong foundation in SAP S/4HANA Financial Accounting, supporting the evolving needs of finance functions and digitally enabled enterprises.
- The programme bridges the gap between professional financial knowledge and practical ERP application, preparing participants for continued learning and professional growth in SAP-enabled organisations.

Pathway to SAP Global Certification:

- This FI MDP/FDP provides relevant SAP Finance knowledge and practical exposure for participants aspiring to pursue SAP Global Certification, subject to SAP's applicable eligibility and certification requirements.

PROGRAMME COVERAGE

This programme offers comprehensive, hands-on coverage of Financial Accounting (FI) in SAP S/4HANA, covering core Finance processes, accounting integration and financial reporting.

SAP S/4HANA FINANCIAL ACCOUNTING (FI)

- SAP S/4HANA Finance & Organizational Structure
- Chart of Accounts & G/L Master Data
- General Ledger Accounting & Journal Processing
- Accounting Documents, Posting & Clearing
- Accounts Payable & Vendor Accounting
- Accounts Receivable & Customer Accounting
- Asset Accounting & Depreciation
- Bank Accounting & Payment Processes
- Taxation & Special G/L Transactions
- Period-End & Year-End Closing
- Financial Reporting & Analysis

INTEGRATION & PRACTICAL APPLICATION

- FI–MM & FI–SD Integration
- Financial Impact of P2P & O2C
- GR/IR & Automatic Account Determination
- Business Transaction → Accounting Entry → SAP Document → Financial Statement
- SAP Fiori Apps for Finance
- Multidimensional Reports without ABAP code & Slicing and dicing without code and real time Management Insights
- Seamless Mobile Access
- Workflow & in-memory computing

RESOURCE PERSON: DR. L. GOVERTHANAN

Dr. L. Goverthanan, Professor of Practice-Finance at SSSIHL in the Department of Management and Commerce, holds a Fellowship with ICAI. His academic journey includes a B.Sc in Statistics from St. Joseph's College, Trichy, an MS in Management Systems from BITS, Pilani, and a PhD in Management from Birla Institute of Technology, Mesra, Ranchi. With nearly four decades of industry experience in Finance and Financial Analytics, Dr. Goverthanan has made significant contributions to various sectors.

He served as the Financial Controller at M/S Ashok Leyland, a $5 billion automobile company, where he gained exposure to a wide range of financial and operational strategies crucial to the company's growth trajectory. His responsibilities encompassed financial evaluation and budgeting, business analytics for top management, SAP implementation as a steering committee member, and leadership roles in business process reengineering and strategic cost management besides accounting. Additionally, he managed retiral fund investments, payroll, and executive training and development in finance and operations.

In his current role, he teaches a range of courses to MBA students, including SAP S4HANA ERP, TCSiON ERP,Data Science with R, Big Data Analytics for Business,Machine Learning for Managers using Codeless/less code widgets, IAPM, Corporate Financial Strategy, Financial Modeling using R & VBA ,Advanced Financial Analytics using python, Financial Derivatives, and Advanced Operations Research applications.

RESOURCE PERSON: DR. SUBRAMANIAN IYER

Dr. Subramanian Iyer holds an MBA and Ph.D. in finance and FRM® (GARP). His PhD dissertation was on "Stylized Facts & Second Generation Models for Risk, Return and Portfolio Allocation: A Study on the Indian Equity Market" (awarded 2008). He distinguished himself academically by securing gold medals in B.Com. (Hons.) and MBA. Dr. Iyer teaches papers in Finance and Data Science in the MBA program at SSSIHL. He furthered his academic pursuits with a Postdoctoral Fellowship at the Indian School of Business, Hyderabad.

His current areas of teaching also include Finance, investing, advanced MS Excel, data visualization, dashboarding and storytelling with Tableau. Some of his work has involved applying the tools in machine learning to improve financial decision making. He is a champion of Free Open Source Software and handles software labs in Python and R in which he has authored a package. He has supervised 2 PhD dissertations in Behavioral Finance and over 100 MBA dissertations. Currently he is holding the position of Deputy Controller of Examinations at SSSIHL.

Sri Sathya Sai Institute of Higher Learning (Deemed to be University), Prasanthi Nilayam, Andhra Pradesh, India, is a visible manifestation of our Founder Chancellor Bhagawan Sri Sathya Sai Baba's vision of "Education for Human Transformation" providing high quality education at zero cost for all students irrespective of income, religion, or region through open admissions policy.

Sri Sathya Sai Values-based Integral Education

Sri Sathya Sai System of Integral Education system is a modern scientific education system rooted in Indian ethos. It takes the best of both ancient and contemporary learning techniques. These dimensions are Intellectual, Physical, Cultural, Spiritual, and Service. The key activities for each of these dimensions form the basis of the time spent by students at SSSIHL.

A Modern Gurukula

Founded in 1981 to inculcate ethical and moral values in students along with regular secular education, this transformation has been the guiding principle right from the inception of SSSIHL. The institute provides students with a holistic framework of interpersonal development, combined with academic and research excellence. Its residential character trains the student's mind, body, and spirit in an environment similar to the ancient Indian 'Gurukula' system of education, in the most modern context.

The Institute welcomes students from across the country to pursue its undergraduate, postgraduate, professional, and research programmes across its four campuses – The Women's campus at Anantapur, Andhra Pradesh, and three men's campuses Prasanthi Nilayam Campus, Puttaparthi, Andhra Pradesh; the Brindavan Campus, Kadugodi, Bangalore, Karnataka, and the Nandigiri Campus, Karnataka.
